

Finemark and the Bonita Bay Club are hosting the FIRST \$100K USTA Women's Pro Tennis Circuit Tournament in the the state of Florida on May 6-12, 2019. This tournament is anticipated to draw the top 30-60 ranked women in the world to our area.

On-site tournament organizers are seeking BALL RUNNERS for the event, and while tennis players would be ideal, student athletes from any sport would also be welcome - the only requirements would be a willingness to learn the process (2 training sessions minimum) - all ball runners will receive a shirt, meals, parking tickets (for those who drive), community service/volunteer hours, and of course the best seat in the house (**on court!**).

There will be an application, release form and general detail sheets provided to all interested students/parents/guardians. Training session dates/times are being scheduled for March/April and will be announced to participants.

Based on USTA/Pro circuit work rules, we are seeking close to 100 students... and hope to lock this all down by March 1.
